

HANDS OFF AUSSIE POST

CAMPAIGN EVENT

Tuesday 28 January 2014

The Hands Off Aussie Post (HOAP) community campaign is underway by your Union - the CEPU.

It has become public knowledge over recent weeks of the intentions by the Business Council of Australia (BCA) and supported by some financial commentators and sections of the media for Australia Post to be privatised as part of the Tony Abbott Federal Government Commissioner of Audit review.

It will only be with community pressure on the Tony Abbott Federal Government that can stop Aussie Post from being privatised to prevent the beginning of the end with current post office outlets and the present five day mail delivery service to the community.

The consequential effect of a privately owned Australia Post shall also result in thousands of Aussie Post jobs being slashed within Australia Post nationwide – make no mistake, jobs slashed are jobs that will never ever return.

The HOAP community campaign against the privatisation by Australia Post by the Tony Abbott Federal Government shall involve all Aussie Post workers nationwide - no matter what their occupation or level.

It is important that all Aussie Post workers participate in all HOAP campaign events and HOAP activities held within the community and at worksites that are approved and authorised by your Union.

So we welcome all union members, family and friends to hop on board with participation in important HOAP community campaign events to influence the Tony Abbott Federal Government from privatising the community owned Australia Post.

HOAP Campaign Event involving ACTU President Ged Kearney

When: 2:30pm sharp this coming Tuesday 28 January 2014
